UNION INAUGURATION 27th September 2019

It is the duty of teachers to make the public aware of the truth – Dr. KT Jaleel

Minister of Higher Education, Dr KT Jaleel has said that it is the duty of teachers to make the public aware of the true history in the context of distorting and distorting historical truths. Addressing the inauguration of the Union of Farook Training Colleges, the minister said that the withdrawal of Article 370 in Kashmir should make the public aware of how Kashmir was part of the Indian Union and why Kashmir was given special status and its history. Kashmir Chief Minister Sheikh Abdullah lovingly rejected Mohammed Ali Jinnah's invitation to join Pakistan in the partition of India, as Pakistan was a religious country. The Minister added that the voice of the students should first be raised against the state terrorism that oppresses the freedom of expression of the ordinary Indian citizen and hence the need to transform the students into a vibrant generation through campus politics.

National Education Policy In the context of major changes in the existing education system in India, new forms of life and education need to be taken more seriously. "Apart from preparing for the exam through textbooks, it is the teachers who will be able to interact with the hearts of the students and enable them to take life lessons," he added.

Speaking at the keynote address, VKC Mammad Koya MLA said student unions should work with greater caution and creativity when the community is suspicious of student and campus politics.

Student Union Chairman Sreehari presided over the function. Principal Dr. CA Jawahar delivered the introductory speech and Farook Training College President PK.
