## **Institutional Facilities provided to the students to avail self-study Courses**

The institution facilitates and encourages undergoing both online and offline courses and providing adequate facilities in library, computer lab and academic advice and mentoring guidance. Teachers and library staffs regularly provide the information about the online and offline courses through the classroom and whatsapp group. In addition to physical infrastructure facilities provides regularly displaying the news and information with regard to courses and encourage students by providing the details of online and offline courses through whatsapp group. The mentor-mentee relationship greatly enhances the self-study experience by providing guidance, motivation and personalised support. Regular interaction creates a dynamic learning environment. Through collaborative efforts with esteemed academic platforms, the institution has facilitated numerous MOOC courses. The current academic year has also introduced courses such as "Guidance and Counseling" and "Critical Understanding of Educational Technology" as part of its expanding MOOC offerings.

### **Know our Library**

University Education Commission (1948-49), under the chairmanship of Dr. S. Radhakrishnan stressed the importance of the Library in higher education by stating that "Library is the Heart of the Institution". On these lines our College Library & Knowledge Resource Centre make ardent efforts to teaching, learning and research activities of the college with access to quality information resources and services. We strive to provide concordant atmosphere that may stimulate users to exploit library resources for self education and intellectual growth.

# Summer Research Fellowship Programme

for Students and Teachers - 2017 (SNRP) - 2018

The three national science academies offer several two-month Summer Fellowships to enable students/teachers (studying/teaching in India) to work with scientists associated with the three Academies during 2017. A copy of the application format, instructions to applicants including eligibility criteria, and a list of names of scientists/faculty who have consented to guide students/teachers to work on short-term projects is displayed online.

Applications are invited from interested students and teachers from all universities and colleges affiliated to UGC/AICTE/MCI/Accredited Institutions of State Universities for these Fellowships. The application should include: (a) the application form in the prescribed format; (b) scanned copy of marks sheet; (c) a write-up (in about 150-250 words) as to what the applicant wants to learn and achieve. The selected candidate may work with the assigned guide for two months any time during the calendar year though summer months are preferred.

Applications should be submitted online through one of our websites [www.ias.ac.in; www.insaindia.res.in; or www.nasi.org.in].

The registration number assigned soon after online submission must be quoted in all future correspondence.

The last date for receipt of applications online is **20 November 2016**.

Information of whether along with acceptance of the guide will be considered during February-March 2017. The selected students/teachers will be provided accommodation in the hostels and a monthly fellowship to meet their living expenses at the place of work. For students the fellowship amounts are: Students ₹ 8,500/- per month; Teachers ₹ 12,000/- per month. Salary to be revised.

FTCIA DPLP- Coursera (Digital Public Learning Platform)  
12<sup>th</sup> May 2020 – 1<sup>st</sup> December 2020

Online learning platform gained new momentum due to the lockdown scenario all over the world. Massive online open learning facilities are widely utilised by not only academia but ordinary people also. In this context under Farook Training College Innovative Academia (FTCIA) explored the scope of massive learning and the task assigned to one of our team consisting of Dr. Aseel Abdul Wahid, Course Administrator, Mr. Mohamed Shareef, Mrs. Irshana Shahnaz and Mr. Fasalul Abid, Course Coordinators. After their systematic discussion and dedicated work, FTC successfully affiliated with "Coursera," free of cost. Hence after the discussion, the expert group finalised the project title as: FTCIA DPLP (Digital Public Learning Platform).

Once again the wonderful combination of expertises blended together for FTC resulted in another achievement. Now, the DPLP platform has nearly 3911 learners across the globe led by 20 WhatsApp groups under the administration of the FTC team. Learners have benefited from this by having completed nearly 20000 courses from International Universities. The program was available for learners till December 1. Director of the Project is Dr. T. Mohamed Saleem, Principal, FTC.

With much pleasure, we would like to express our appreciation to the FTCIA DPLP team for their commendable work in initiating such a challenging project on May 12, 2020. The platform which began with 500 online learners has today nearly 4896 learners coming from a spectrum of backgrounds. We are blessed that Farook Training College has through this platform been once again able to fulfill its mission and vision. Our learners across the globe has completed 17155 world class courses, 47260 instructional hours from International Universities which is worth Rs 8,57,75,000 (Eight Crores, Fifty Seven Lakhs Seventy Five Thousand) approximately.

The responses received from our learners as text messages and voice notes indicates their joy as though of a fulfillment of a dream and an effective utilization of the lockdown. Learners have successfully been able to complete diverse courses in perfect match with their needs and interests. This has been made possible only through the sheer 24x7 service of our dedicated staffs.
