## OUR MOTTO

### enter to learn; exit to Serve

#### Enter to learn.....

Education is the progressive discovery of one's ignorance. Learning how to learn is the basis of education. It directs our choice between right and wrong. It is a good system of education which indicates the principles of humanity. Nature brings out the distinction between man and brute, and education brings out the difference between one man and another.

It is education which makes people easy to lead but hard to drive, easy to govern but hard to enslave.

There was an elderly person planting some acorns. A man passing by asked, "Old man, look at your age. Do you think you will live long enough to see the Oak trees" And the man replied, "All the trees that have given me shade and fruits - did I plant all of them? There are people coming behind me too"

Welcome to Farook Training College, one of the premier institutions for Teacher Education under the University of Calicut. Farook Training College offers top quality education and training to prospective teachers, with well established resources in terms of infrastructure, proficient faculty and vibrant curricular programmes. This educational gateway takes you to the expansive vista of a career that has been described for good reason as the best of all calling.

A teacher is not just any career, but one that grooms the “Generation Next”, and sets the tone for posterity. The teacher moulds and directs the future by bringing up its human resources. It is a calling that touches alike the humble home and the wide world, the individual and society, the village and the metropolis, and fundamentally at that. There is in today’s talent driven world, a great demand for teachers of various disciplines, well trained and able to identify the latent potential of the students. The teacher’s profession is a composite skill that needs to be developed and nurtured to provide calibre, competence and commitment. And that is what you get at Farook Training College. At the same time, we understand it is a skill that cannot be seen in isolation but as part of the overall personal make up of the teacher, which is why we aim at the “Complete Teacher”. Above all, we offer courses that reckon with enduring human values combined with an eye for the ever changing strategies of teaching.

The College offers courses designed by the University, but they are administered with unique imaginativeness and finesse. We deal with the nuances of human resource development and management, equip the trainees to cope with the changing profile of the profession, and familiarize them with the latest techniques and technology. Naturally, we also provide full residential facilities for the teacher trainee. Farook Training College is situated on a hillock that comprises an educational township, the ideal and unique location for the teacher trainee.

We expect the whole hearted support and timely co- operation of all students to realize our mission in its oneness and fullness.

The harmoniously and symmetrically arranged college emblem presents a mix of nearly ten significant ingredients viz, a flaming torch in a firmly holding hand; a star at the centre; the motto of the institution with the name of the institution inscribed underneath; coconut trees and a sea coast; an open book; ink-pot and pen; and an encircling crescent. The flaming torch in the hand of the seeker of knowledge symbolizes the dissemination of knowledge; the star signifies a steady source of light and wisdom imparted by the college; the motto of the institution means, "Lord, increase my knowledge" the coconut trees and a sea coast represent Kerala and the Arabian Sea, whose histories have always remained intertwined; the ink-pot and pen signify the dissemination of knowledge through writing; the open book symbolizes transparency and universal nature of knowledge imparted by the institution; while the encircling crescent signifies peace embracing varying sectors .
